

VOLUNTEERS NEEDED FOR UCSF RESEARCH STUDY

Researchers from UCSF are recruiting children ages 7-12 years for a research study investigating emotional processing and social skills among youth with Autism Spectrum Disorder.

In order to participate in this research study, your child must:

- Be between the ages of 7-12 years old
- Have a diagnosis of an Autism Spectrum Disorder
- Be willing to participate in a psychophysiological study and be videotaped

Each participant will be paid \$20 for completing the study session and on-campus parking will be validated.

For more information, please contact the research coordinator, Megan Fok, at LifeSPANLab@ucsf.edu.
